## Delegate Feedbacks

"It was a great event with valuable insights shared by Neysa-DSW-SKI. The discussion on use cases was useful as it comprehensively covered all segments relevant to an insurance company. The event was both useful and aligned with my expectations."

**Samson Dsouza** | VP - Digital Transformation, ICICI Lombard

"The session was amazing, offering valuable insights into complete automation. These insights would significantly contribute to the growth of the insurance business."

**Deepak Kore** | Chief IT Infrastructure, Aditya Birla Capital

"The event was highly informative. The insights which involved solving AI use cases within cloud-based platforms highlighted how it would empower developers and users to create their own AI agents."

**Nilesh Jathar** | DVP & Head - Data Office, Tata AIG General Insurance

"AI can play a significant role in effective data management. As the market increasingly adopts AI-driven solutions, leveraging these features will enable them to better serve their customers."

**Swapnil Narvekar** | AVP - IT, Tata AIG General Insurance

"This was the first event focused on AI cloud for insurance companies and found it to be a commendable initiative."

**Mayur Vasa** | Senior VP & Digital Leader, Marsh McLennan India Insurance

"The event was truly unique, focusing specifically on AI cloud. The exchange of case studies and knowledge was insightful."
